**Little River Band**

(The) Little River Band - (The) Night Owl

Iâ€™ve heard this both played fast with electric guitars and slow in a wonderful bluesy way â€“ and both sound great! It can be found on â€™Greatest Hitsâ€™ and â€™Streams of successâ€™.

I searched everywhere for a tab for this but couldnâ€™t find one anywhereâ€|. So I listened hard and set about creating my own. This is what I hear â€“ but itâ€™s my first attempt and no doubt with mistakes, so please send me suggestions for improvements if you know better!
