(repeat over verses)

In this jungle we re slave to ploitics
And we call ourselves civilized
If you ain t got the muscle
Fear is gonna run your life

Fear makes me wanna hurt you
Fear makes you wanna hurt me
Fear makes you swallow whatever you re handed
Fear keeps you angry cause you don t understand it

Em **D**
Got no chance if we re fighting on the wrong side

Em
Got no chance if we re fighting

D **G5**
On the wrong side again

A5 **G5** **A5 G5**
Can you taste it? (I can almost taste it)

A5 G5
I can almost taste it (I can almost taste it)

Taste like(what s it taste like?)

Taste like...
G5 A5

Taste like Fear!

(continue as before)
