Live

Intr.:

[Em] [A] (2x)

Em A Em

You got it bad, you got it good  
You saw the sun, like you knew that you would  
We gotta make this better, gotta make this right  
Ain't no peace in the valley baby, 'till the darkness turn to light

Refrão

G F#m5+ Em  
Can you hear the children's song? Can you take me to that place?

F#m5+ G  
High above the lamentation up on the desert plane of me

F#m5+ Em  
Do you hear the children's song? Can you take me there?

Em A Em

Lost in the maya, overboard in the sea  
There was void and then that water broke, then something called me  
Now a trip to the desert, to look at the sky  
It's like never-ending mirrors, playing tricks on my eyes
