Never used to be so tired
Never used to be so anxious
Never said used to be so much

If this is love then I
Have been so poorly mistaken
If this is peace then I
Have been so falsely awakened

E

Please don t tell me what love is
Let s look together
And find out what love is not

I ve been to every book
I ve been to every seer
In order to find the truth
As if it lives somewhere

I want to uproot my violence
I want to live like a saint
I want to give up everything
Just like a businessman wants to gain
Just like a businessman wants to gain

Please don t tell me...

E

Please don t tell me what peace is
Let s look together
And find out what peace is not
And find out what peace is not
And find out what love is not
And find out what peace is not

[D] [E] (8x)

Never used to be...

If this is love...

Please don't tell me...
