In spite of the hate

Gm Gm F Am7

Who put the flower in the barrel of that gun?

Who lit the candle that started the fire,

Burnt down the fortress, the throne?

Who could house all the refugees in a single shack

Or a lowly bungalow?

Who lives in a different dimension, free from the

struggles we know?

We spend all of our lives goin out of our minds

Looking back to our birth, forward to our demise

Even scientists say, everything is just light

Not created, destroyed but eternally bright

Masters in everytime lord in everyplace

Those who stood up for love down in spite of the hate

We spend all of our lives goin out of our minds

They live in the light
