

Turn My Head
Live

Intro: **C G4(6) Em Dm7**

Anyone, caught in your mystery
keep it angry
keep it whispy
I ve fallen down
drunk on your juices

C **G4(6)**
I turn my head
Am
turn my head
G **F7M/C**
it s aimed at you

Funky temple your dress is torn to shreds
your eyes are crazy
I bowed to save my head and
I can t forget you
but I can remember

C **G4(6)**
I turn my head
Am
turn my head
G **F7M/C**
it s aimed at you

Oh no, we came to love you all day
these bastards are leavin
somebody s got to stay
whatever we called you
it s just a name
just a name
