I talk of freedom
You talk of the flag
I talk of revolution
You d much rather brag
And as the decibels of this disenchanting
Discourse continue to dampen the day
The coin flips again and again and again
And again as our sanity walks away

All this discussion though politically correct
Is dead beyond destruction
Though it leaves me quite erect

And as the final sunset rolls behind the Earth
And the clock is finally dead
I ll look at you, you ll look at me
And we ll cry alot, but this will be what we said
This will be what we said
