I love my crystal vision
If there s anybody out there baby I m not gonna miss em

I watch the years go by
These are the same old guys
I never had any use for
Beyond the feeling of pleasure or the thrill of the fight

Am7 Em7
I scored again last night
I said thanks for the drinks, nice party then I turned out the light

A D E
I ve got timing and attitude
That can get to the baddest dude

With my bionic eyes

When I can dazzle them all night
