Song: Count On My Love

Album: Somebodys Miracle

Verse:

D **A**
Don't know where we'll be tomorrow
B
But we'll beg and borrow
A
Everything we need
D **A**
You standing next to me
B
Where I want to be
A
Is everywhere you are

Pre Chorus:

B
Someday if we never said it

We might live to regret it
A
Come on don't let us slip away....in a daze

Chorus: (just goes **D** to **A**)

D **A**
You can cooo-count
D **A**
On my loooo--oove!
D **A**
An umbrella when it's raining
D **A**
When you feel your hope is fading
D
You can count on my love.

Verse 2:

Blue eyes, bluer than the blue sky
Smiling down like sunshine
Everywhere you are
For you, I only want the best
You only have to ask
And I'll be there for you

Pre Chorus:

Some day if we never said it
We might live to regret it
Come on, don't let us fade away in a haze

You can count on my love
An umbrella when it's raining
When you feel your hope is fading
You can count on my love
With me you'll feel protected
And you'll never be rejected
You can count on my love

Bridge:

C C B **A**
You go through your whole life waiting

But you don't know what you're waiting for
C B A
One day you'll meet somebody

And your whole world now is an open door

Chorus:

You can count on my love
You can count on my love
An umbrella when it's raining
When you feel your hope is fading
You can count on my love
With me you'll feel protected
And you'll never be rejected
When you need a friend to lean on
You know you never need a reason
To count on my love
Count on my love
