Intro: 2x **F Asus2 Csus2 G**

Verse 1:

F	Asus2		
Well I've tried and I've tried and I cannot conceive.			
Csus2	G		
Coz the air that I breathe is the air that I bleed.			
F	Asus2	Csus2	G
And I've lied and I've lied and I just can't believe, that you went away.			
F	Asus2		
And I've danced and I've danced all upon the blue skies.			
Csus2	G		
And I've looked at the sun, I've looked at the stars.			

F **Asus2** **Csus2** **G(1 stroke)**
And I still can't believe how naive, I am.... yellow

I'm falling.... yellow
save my hand.... yellow
I'm falling.... yellow
Take my hand.

Verse 2:

F **Asus2**
I've looked in the mirror and I've seen a pale face.
Csus2 **G**
And my minds drifted back to that... secret place.
F **Asus2** **Csus2** **G**
Where you'd hold me and tell me the ground... wasn't too far away.
F **Asus2**
And I believed all the times that you helped me come down.
Csus2 **G**
I drowned in the rain and I flew far away.
F **Asus2** **Csus2** **G(1 stroke)**
I'm still quite amazed how well, I am.... Yellow.

Chorus: repeat chorus riff 8 times

I'm falling.... yellow
Save my hand.... yellow
I'm falling.... yellow
Take my hand.

Yellow.... I'm falling
Yellow.... take my hand.
