Subject: CRD and TAB Lloyd Cole s "Rattlesnakes"

Here s Lloyd Cole s Rattlesnakes - fairly easy song. The riff I ve tabbed out is repeated during the verses and when the slide from the B to C# occurs, make the E (022100) an E6 (022120). Also the violin solo hasn t been tabbed, but it s really easy - mess around in the proper key and you ll find it no problem.

Opening and verse riff

```

verse pattern twice

She s less than sure if her
Heart has come to stay in san jose

And her neverborn child still haunts her
As she speeds down the freeway

As she tries her luck with the traffic police
Out of boredom more than spite
She never finds no trouble, she tries too hard
She s obvious despite herself

Chorus again

She looks like Eve Marie Saint in On The Waterfront
She says all she needs is therapy yeah
All you need is, love is all you need

Instr

A D Bm
A D Bm D E

verse pattern once

Jodie never sleeps cause there are
Always needles in the hay
She says that a girl needs a gun these days
Hey on account of all the rattlesnakes

chorus pattern over all lines

She looks like Eve Marie Saint in On The Waterfront
As she reads Simone de Beauvoir in her American circumstance
Her heart, heart s like crazy paving
Upside down and back to front
She says ooh, it s so hard to love
When love was your great disappointment

E D on fade with the riff thrown in when appro.
