Verse 1:

So there s an angel at your shoulder and she is watching over you
She is fragile and small and she is rarely in the mood
Its such a perfect view she sees everything you do
Its no surprise she knows when I am in the room
So if you see that angel you can tell her this for me

Chorus: (slide up to D on 12th fret from G)

Angel, I know you are a friend but all good things come to an end
so I think maybe you ll agree

Verse 2

Wings are such an asset to an angel on the run
an essential part to play in the role of the guardian
but everybody knows, it ain t no secret what happens
when an angel flies a little too close to the sun
So if you see that angel you can tell her this for me

(Rpt Chorus)
