Disgruntled Christmas Local H

```
LOCAL H - DISGRUNTLED CHRISTMAS
If you hate X-mas as half as much as I do, you ll love this song. It s standard
tuning
and the chords are just strummed.
          Α
And it s me, the man with no personality
Burning down your Christmas tree
              C
Blowing up bombs in the shopping mall
Mistletoe is going to fall
Taking shots at the caroling crowd
Stupid songs sung way too loud
And they re getting dumber all the time
I really don t see why I should spare your friends
Since I can t say I care if I ever see them again
You say shopping spree
I say killing spree
And I can think of Christmas past
Like the Christmas before last
Cousins
C
Uncles
Aunts
And I could act like I don t care
That all I get is underwear
I d like to beat you on the head with that ole yule log
Giving a napalm gift gives you a glow
```
