B-Ebm-F#-B, Fx2

who knows, who cares

B-Ebm-F#-B

so we took a van down to colorado

where we ran into the dead

i took you by the hand

know that even with your doubts, it s ok

take into account that it s not about to change

who knows, who cares

you could let it down

jump into the river baby

easy as it sounds

it s never quite as easily done

the current has us now, it s ok

take into account that it s all about to change

who knows, who cares

no one s been there

but i don t care

i know all have been there

i don t care
i know
