 C **D** **G**
Til I feign to trip by mere coincidence

In between the cheering crowd,
 Am **C**
I hear you cry so loud,

[Pre-Chorus 2]

C **G**
Letting all my worries off,
 Am **C**
means growing space for love,

I should expose my face, this mask is just an obstacle,
Won't be so scared of my emotions,
Gonna pursue to live this notion,
To make you laugh,
Pretending,
Won't be enough!

[Chorus 4]

It's okay! It's okay!
To find my very self you showed the way,
Paved with bitter blocks of doubt,
Still I walk this route

[Chorus 5]

It's alright! It's alright!
Since you have taught my feelings not to hide,
I'll reveal most beaming smiles,
And severest cries,

[Chorus 6]

It's all fine! It's all fine!
Cause now I have the strength to cross the line,
Full of hope you took my hand,
Helped me rise and stand,

[Final Chorus]

I thank you! I thank you!
I cease to be afraid of my heart shining through
Applause! You have made the circus glow!
Applause! You're the highlight of the show!
