

**Let Them Be Little**  
**Lonestar**

**D**  
I can remember when  
**G**  
You fit in the palm of my hand  
**Em D**  
Felt so good in it  
**G A**  
No bigger than a minute  
**D**  
And how it amazes me  
**G**  
You re changing with every blink  
**Em D**  
Faster than a flower blooms  
**G A**  
They grow up all to soon so

\*Chorus\*

**D A G**  
Let them be little  
**D A G**  
Cause there only that way for a while  
**D**  
Give them hope  
**A**  
Give them praise  
**G**  
Give them love everyday  
**Em D**  
Let them cry let them giggle  
**G D**  
Let them sleep in the middle  
**Em A D**  
Oh just let them be little

**D**  
I ve never felt so much  
**G**  
In one little tender touch  
**Em D**  
I live for those kisses  
**G A**  
Prayers and your wishes  
**D**  
And now that your teaching me  
**G**
