

**Time Waits For No One  
Long Addiction**

Time Waits For No One - Long Addiction  
Written By Paul Curtis-Harper

Intro & Verse  
Esus **E G A G A E** x2

And you know, time waits for no one  
Time waits for nobody at all  
When you know, life is confusion  
Mortal decisions on your own

Chorus  
**G A E** x4

We all need something to go on  
Sometime to try and find your lies  
We all need something to work on  
Like the latter day skies and the wannabies getting high
