Lorde
[Intro]
C
[Verse 1]
We re never done with killing time
                   Em
Can I kill it with you?
Til our veins run red and blue
We come around here all the time
                 Em
Got a lot to not do, let me kill it with you
[Chorus]
You pick me up and take me home again
Head out the window again
We re hollow like the bottles that we drain
You drape your wrists over the steering wheel
Pulses can drive from here
We might be hollow, but we re brave
And I like you
                                                              Em
I love these roads where the houses don t change (and I like you)
Where we can talk like there s something to say (and I like you)
I m glad that we stopped kissing the tar on the highway
We move in empty streets
I d like it if you stayed
```

```
[Verse 2]
Now we re wearing long sleeves
And the heating comes on
(You buy me orange juice)
We re getting good at this
Dreams of clean teeth
                               Em
I can tell that you re tired
But you keep the car on
While you re waiting out front
[Chorus]
You pick me up and take me home again
Head out the window again
We re hollow like the bottles that we drain
You drape your wrists over the steering wheel
Pulses can drive from here
We might be hollow, but we re brave
And I like you
I love these roads where the houses don t change (and I like you)
Where we can talk like there s something to say (and I like you)
I m glad that we stopped kissing the tar on the highway
We move in empty streets
                   D* (*single strum continuing to next line)
I d like it if you stayed
