

400 Lux
Lorde

[Intro]

E

[Verse 1]

E

We re never done with killing time

G#m

Can I kill it with you?

A

Til our veins run red and blue

E

We come around here all the time

G#m

A

Got a lot to not do, let me kill it with you

[Chorus]

E

You pick me up and take me home again

Head out the window again

G#m

A

We re hollow like the bottles that we drain

E

You drape your wrists over the steering wheel

G#m

Pulses can drive from here

A

We might be hollow, but we re brave

E

And I like you

G#m

I love these roads where the houses don t change (and I like you)

A

C#m

Where we can talk like there s something to say (and I like you)

G#m

I m glad that we stopped kissing the tar on the highway

A

We move in empty streets

E

I d like it if you stayed

[Verse 2]

E
Now we re wearing long sleeves

And the heating comes on **G#m**

(You buy me orange juice)

We re getting good at this **E**

Dreams of clean teeth

I can tell that you re tired **G#m**

But you keep the car on

While you re waiting out front **A**

[Chorus]

E
You pick me up and take me home again

Head out the window again

We re hollow like the bottles that we drain **G#m** **A**

You drape your wrists over the steering wheel **E**

Pulses can drive from here **G#m**

We might be hollow, but we re brave **A**

E
And I like you

I love these roads where the houses don t change (and I like you) **G#m**

Where we can talk like there s something to say (and I like you) **A** **C#m**

I m glad that we stopped kissing the tar on the highway **G#m**

We move in empty streets **A**

I d like it if you stayed **D*** (*single strum continuing to next line)
