[Verse 1]

Bbm
All my life,
F# G#
I ve been fighting a war
Bbm F# G#
I can t talk to you or your friends
Bbm
It s not only you,
F# G# Bbm
My heart jumps around when I m alluded to
F# G#
This will not do
Bbm F# G#
Cause I was raised up to be admired,
Bbm
to be noticed
F# G#
But when you re withdrawn,
Bbm
it s the closest thing
F# G# Bbm
to assault when all eyes are on you
F# G#
This will not do

Bbm â€" **Bbm** - **F#** - **G#**
Bbm â€" **Bbm** - **F#** â€" **G#**
Bbm â€" **Bbm** - **F#** â€" **G#**
Bbm â€" **Bbm** - **F#** â€" **G#**

[Verse 2]

Bbm
I m faking glory
F# G#
Lick my lips toss my hair
Bbm
And send a smile over
F# G#
And the story s brand new
Bbm

But I can take it from here,

F#

G#

Bbm

F#

G#

I ll find my own bravado

[Chorus]

C#

It s a switch flipped

It s a pill tipped back

Ebm

It s a moon eclipsed, oh

Bbm

G#

And I can tell you that when the lights come on I ll be ready for this

C#

It s in your bloodstream

Ebm

A collision of atoms that happens before your eyes

Bbm

G#

It s a marathon run or a mountain you scaled without thinking of size

C#

I was frightened of every little thing

Ebm

Bbm

that I thought was out to get me down

G#

To trip me up, and laugh at me,

C#

But I learned not to want the quiet of the room

Ebm

Bbm

with no one around to find me out

I want the applause, the approval, the things that make me go, oh

[Chorus]

C#

It s a switch flipped

It s a pill tipped back

Ebm

It s a moon eclipsed, oh

Bbm

G#

And I can tell you that when the lights come on I ll be ready for this

C#

It s in your bloodstream

Ebm

A collision of atoms that happens before your eyes

Bbm

G#

It s a marathon run or a mountain you scaled without thinking of size

C#

I was frightened of every little thing

Ebm

Bbm

that I thought was out to get me down

G#

To trip me up, and laugh at me,

But I learned not to want the quiet of the room

Ebm
