

Perfect Places

Lorde

E

Every night, I live and die

G#m

Feel the party to my bones

C#m

Watch the wasters blow the speakers, spill my guts beneath the outdoor light

B

It s just another graceless night

E

I hate the headlines and the weather

G#m

I m nineteen and I m on fire

C#m

But when we re dancing, I m alright

B

It s just another graceless night

A

Are you lost enough?

C#m

Have another drink, get lost in us

B

This is how we get notorious, ah-ah-ah oh oh

A

Cause I don t know

C#m

If they keep tellin you where to go

B

I ll blow my brains out to the radio, ah-ah-ah oh oh, ch-ch

A

C#m

All of the things we re taking

A

E

B

A

Cause we are young and we re ashamed

C#m

B

Sends us to perfect places

A

C#m

All of our heroes fading

Now I can t stand to be alone

Let s go to perfect places

E

Every night, I live and die

G#m

Meet somebody, take em home

C#m

Let s kiss and then take off our clothes

B

It s just another graceless night, cause

All of the things we re taking
