

Crying Out Your Name
Loreen

F#m **D**
I ve emptied out the minibar
E **C#m**
Did it all by myself
F#m **D**
About to go and key his car
E **C#m**
Yeah-yeah, I m what you call a mess

F#m **D**
I can t remember what went wrong
E **C#m**
I started talking to myself
F#m **D**
I even hate my favourite song
E **C#m**
What would a damsel in distress?

F#m **E** **C#m**
And if you ask me where I m gonna be tonight
F#m **E** **D** **E**
Ask me if I m gonna be alright, I ll

F#m
I ll be crying out your name
D **E**
Drink through all this pain tonight
C#m **F#m**
I don t even wanna fight
D **E** **C#m**
I know when the battle s lost

F#m
I ll be crying out your name
D **E**
Drink through all this pain tonight
C#m **F#m**
You and I were never right
D **E** **C#m**
I know when the battle s lost

F#m **D**
The painful things you did to me
E **C#m**
I ll do them all to someone else
F#m **D**
And that is how it s gonna be
E **C#m**
It takes a lot of self defense

F#m **E** **C#m**
So if you ask me where I m gonna be tonight
F#m **E** **D** **E**
Ask me if I m gonna be alright, I ll

F#m
I ll be crying out your name
D **E**
Drink through all this pain tonight
C#m **F#m**
I don t even wanna fight
D **E** **C#m**
I know when the battle s lost

F#m
I ll be crying out your name
D **E**
Drink through all this pain tonight
C#m **F#m**
You and I were never right
D **E** **C#m**
I know when the battle s lost

Bm **F#m**
Nothing really matters when the lights go out
E/C#
Stumbling into the dark
Bm
Everything is shattered
F#m **E**
I m not picking up the pieces of my broken heart

F#m
I ll be crying out your name
D **E**
Drink through all this pain tonight
C#m **F#m**
I don t even wanna fight

D **E** **C#m**
I know when the battle s lost

F#m
I ll be crying out your name

D **E**
Drink through all this pain tonight

C#m **F#m**
You and I were never right

D **E** **C#m**
I know when the battle s lost
