

**Sober**  
**Loreen**

**F**

Where we go, I don't care, no

**C**

It's right now and we're right here, oh

**Dm**

Under the streetlights, standing face to face

**Bb**

I'm losing sense of time and space

**F**

Don't want to move Why can't I stay cause the

**C**

chemistry is off the chain

**Dm**

I'm locked in a box only you and me

**Bb**

Wish I could throw away the key

**F**

**C**

I know this moment will be over

**Dm**

Tomorrow comes when we are sober

**Bb**

Will we feel the same or let it be

Will you be there

**F**

**C**

The night is almost getting over

**Dm**

And I don't want us to turn colder

**Bb**

I want to wake up with you next to me

Will you be there

**F**

**C**

On our way, I can't believe that I'm kissing you

**Dm**

You're touching me and I can't imagine to be somewhere else

**Bb**

I'm all in with no regrets, so

**F**

**C**

So here we are but still I can't let go of the thought of losing you, no

**Dm**

I wonder if we're gonna stay this way

**Bb**

Will you remember what you promised me, oh

**F** **C**  
I know this moment will be over  
**Dm**  
Tomorrow comes when we are sober  
**Bb**  
Will we feel the same or let it be

Will you be there

**F** **C**  
The night is almost getting over  
**Dm**  
And I don't want us to turn colder  
**Bb**  
I want to wake up with you next to me  
Will you be there

(repeat til end)
