

Its Gone

Loretta Lynn

(G) Somehow you always tell me (C) everything I need to know
With (C) nothing but a smile all the (D) way you said hello
I ve (G) looked into your eyes a thousand (C) times and now I m sure
(C) Something isn t there that was (Am) always there before.

Oh, it s (G) gone, gone
(C) It s not where it used to be
(G) It s gone, gone
(C) The feeling that belonged to me is (G) gone.

Don t (G) tell me that you love me (C) cause it only makes things worst
You (C) just don t wanna say goodbye (D) until I say it first
So I (G) wonâ€™t try to hold you cause I (C) know this is the end
(C) Once you ve lost the feeling you can t (Am) get it back again.

Oh, it s (G) gone, gone
(C) It s not where it used to be
(G) It s gone, gone
(C) The feeling that belonged to me is (G) gone, gone
(C) It s not where it used to be
(G) It s gone, gone
(C) The feeling that belonged to me is (G) gone.

It s gone
