

You Get A Love Song

Lori McKenna

[Intro]

C

[Verse]

C

Well, they ainâ€™t gonna make a movie

C

About a couple of fools like us

C

No oneâ€™s gonna write a book

C

About our little love

F

You donâ€™t get your picture on the local front page

C

For falling in love at a reckless age, no, no

[Verse]

G

For saying I do when youâ€™re nineteen

F

C

In a hand-me-down dress with a pawn shop ring

G

For having no money for a honeymoon

F

C

Cause youâ€™re saving it up for the baby boom

Dm

G

For knowing a love dies hard when it starts this young

F

Well, you donâ€™t get much, no, no

C

But you get a love song

[Verse]

C

Well, this Sundayâ€™s sermon wonâ€™t mention

C

All the work we put into this love

C

They ainâ€™t gonna hang a billboard

C

Congratulating us

F

For surviving every rise and fall

C

For being more hard headed than a wrecking ball, no, no

[Verse]

G

For letting me chase a hopeless dream

F

C

For giving up on trying to change me

G

For drinking your way so far down

F

C

I almost thought I couldnâ€™t pull you out

Dm

G

But knowing the only thing harder than letting go, oh, is holding on

F

But, you donâ€™t get much, no, no

C

Oh, but you get a love song

C

You get a love song

F

Oh, you get a love song

C

You get a love song

[Verse]

C

Next time a hurricane comes through

C

They wonâ€™t name it after us

C

And how could you paint a picture

C

That looked anything like love

F

The 6 oâ€™clock news donâ€™t give a damn

C

That by the grace of god we worked it out again, by the grace of god

[Verse]

G

For working overtime and living week to week

F

C

For letting your dreams fall into me

G

For being a man with a damn good heart

F

C

Iâ€™m gonna hold you through the hardest part

Dm

G

For being a love that will last even after life is gone

F

Well, you donâ€™t get much, no, no, no, no

C

You get a love song

C

You get a love song

F

Oh, you get a love song

C

You get a love song

C

You get a love song
