**los Lobos**

**D G A D**

Memories of a lonely past on a boat set into the wind

**G D G A Bm**

Drifting lost in waters of doubt on a journey that has no end

**D G A D**

Torn and faded photographs, a chestful of old goodbyes

**G D**

Tearstreaked faces by the light of the moon

**G A Bm Bm**

Here on a river of fools

Here on a river of fools

**D G A D**

A trio of angels holding candles of light guide a ship to an unknown shore

**G D G A Bm Bm**

Sad soul riders with arms drawn tight as they stop for just one more

**D G**

Fingers pointed to a star in the sky

**A D**

A message from some one they can't see

**G D**

Tearstreaked faces by the light of the moon

**G A Bm Bm**

Here on a river of fools

Here on a river of fools

**G D G A D**

Traveling along a cloudy path with a wing a heart and prayer

**G D A D**

Pieces fall from the heavens above to a place they know not where

**D G**

A string of beads in trembling hands

**A D**

Heading close to the judgement day

**G D**

Tearstreaked faces by the light of the moon

Here on a river of fools
