

Real Emotions
Los Lonely Boys

Intro Cm Fm G7 two verses and through the entire song
Doesn't matter how far I go, Doesn't matter how long I stay

Doesn't matter if the nights are long, Doesn't matter the time of day

Cause all I'm sayin' is that my love is true, I'm always here for you

Chorus

Our love is deeper than, than the ocean

My heart is pounding with real emotion

Our love is sweeter than any potion

My heart heart is pounding with real emotion yeah...

Wouldn't matter if there's a hurricane

Wouldn't matter if there's a title wave

Doesn't matter if your phone goes down

Doesn't matter if I'm awake

Cause all I'm sayin' is that my love is true I'm always here for you

Chorus

Our love is deeper than, than the ocean

My heart is pounding with real emotion

Our love is sweeter than any potion

My heart heart is pounding with real emotion yeah...
