

Dm **C**
For your shadow to stop following me around

I find myself walking back

To all the places we knew

Dreaming and wishing

To somehow run into you

Dm
And of course i wonder

Gm
Does it happen to you?

Dm **C**
Does my ghost ever come looking for you?

Bb
Cause all that s left now

F
Are my dreams and memories

Gm
But i m glad you came through my life

C **C**
And put your stain on me

Gm **Bb**
And i see you, in every cab that goes by, in the strangers

F **C**
At every cross road, in every bar

Gm **Bb**
I see you in every cab that goes by, in the strangers

F **C**
At every cross road, in every bar
