Blueberry Hill
Louis Armstrong

```
  G                C                  G - C - G
1.   I found my thrill on Blueberry Hill,
                  D                   G - C - G
    on Blueberry Hill, where I found you.
                    C                   G - C - G
    The moon stood still, on Blueberry Hill,
                   D                    G - C - G
    and lingered until my dreams came true.
         D           G
    The wind in the willow played
              D      G-C-G
    love s sweet melody,
        A7            D
    but all of those vows we made,
          A7       D
    were never to be
           D7     C                        G   -C-G
2. Though we re apart, you re part of me still,
                       D                  G    -C-G
    for you were my thrill on Blueberry Hill.
