

World On Fire
Louis The Child

[Verse 1]

G# **D#m**
I keep watching the world
G# **D#m**
Chase their circles in their places
G# **D#m** **G#** **D#m**
Joining the race inside a maze
G# **D#m**
Look round, are you one of them?
G# **D#m**
Yeah, see how they can all see
G# **D#m**
Pointless and worry
G# **D#m**
So down to hurry

[Chorus]

G# **D#m**
The world could be on fire
D#m
And we wouldn't know
G# **D#m**
The temperature is rising
D#m
And no one knows
G# **F#**
We'll hide behind the money
F#
That's the way it goes
G# **F#**
The world could be on fire
F#
And we wouldn't know

[Verse 2]

G# **D#m**
Complaining about the same things
G# **D#m**
Not watching where we're going
G# **D#m**
Ending up 50
G# **D#m**
Somehow with nothing
G# **D#m**
Oh, don't listen to what they say
G# **D#m**
I admit I know that I have

G# **D#m**
Don t be the same
G# **D#m**
Don t be the same

[Chorus]

G# **D#m**
The world could be on fire
D#m
And we wouldn t know
G# **D#m**
The temperature is rising
D#m
And no one knows
G# **F#**
We ll hide behind the money
F#
That s the way it goes
G# **F#**
The world could be on fire
F#
And we wouldn t know

[Bridge]

G# **D#m** **G#**
And so it goes another day here
D#m
Passing by
G# **D#m** **G#**
I saw it waving from the window
D#m
Could you save me?
G# **D#m** **G#**
Keep taking time, taking your time
D#m
But there s no time left
G# **D#m** **G#**
Listen for it s almost over
D#m
Yeah

[Chorus]

G# **D#m**
The world could be on fire
D#m
And we wouldn t know
G# **D#m**
The temperature is rising
D#m
And no one knows
G# **F#**
We ll hide behind the money
F#

That s the way it goes

G# **F#**

The world could be on fire

F#

And we wouldn t know
