

Runnin Out Of Air
Love and Theft

(Bm-A)

Bm

Well I gotta catch my breath

When I see you walking in

A

You re crawlin back in my head

Stealing the oxygen

Bm

And everyone else in here

Disappears, but the two of us

And the room starts to spin around the chandelier

In the buzz of the crowd I can feel the rush

Cause you re clouding up my atmosphere

Bm

A

Everybody s got somebody who gets them the way you got me

G

A

I still want you, I can t stop me

D

Girl, I wanna run right to ya

Then I wanna run away

Bm

Girl, I gotta hand it to ya

You know how to make me pay

Em

Girl, I wish I never knew ya

F#m

Cause every time I see you standing there

Bm A

Oh, feels like I m runnin out of air

Bm

You re hitting me like a wave,

You cover me in the crash

A

I m drowning in what you say,

It s taking me under fast

Bm

As you re taking me down the hall you make it easy for me to forget

Cause you re saying everything you know I want you to say

I m getting in deeper the darker it gets,

The lights go out as the surface fades.
