

Thinking Of You and Me
Love and Theft

(capo 1)

Intro: **G Em** x2

G **Em**
Girl your hand brushing mine shouldn't be no big deal

G **Em**
But when it does, I can't deny how it makes my heart feel

G **Em**
You've got my imagination runnin' like a freight train on a downhill track

G **Em**
Straight into the deep end of a feelin' and I know, it ain't comin' back

(chorus)

C **D**
I've been thinkin' of you and how it'd feel to brush your hair back from your eyes

Em **D/F#** **C**
And kissin' you, kiss you way over that line to find out how good it could be
I've been thinkin' of you and me

G Em x2

G **Em**
Now I don't want to go and make things complicated

G **Em**
And keepin' you as my best friend would be okay but,

G **Em**
What if everything we ever wanted was a whisper and a touch away

G **Em**
I'd rather risk it knowin', (oh) then be a fool forever, (oh) and never say

(chorus)

G Em x2

(chorus)

Outro:

G Em G Em C
Yeah, thinking of you
