Verse 2

It was just the other day
Couldnt get my head around it
Always know just what to say
Like a meditative sound bit

Every time I take a step left right
Yeah I think were gonna make it through tonight
Im lookin at the neon sign
The one that blinks in perfect pink sublime
Just think about it

Chorus 2 (Follow the same chorus pattern 1 for chorus 2 & 3)

Youll find a way to make me crazy hazy
So hypnotized think of the blue skies, new eyes
And Ill never roam again
And Im back in love again
And I see the stars again
Find my way back home again

Chorus 3

Youll find a way to make me crazy hazy
So hypnotized think of the blue skies, new eyes
Youll find a way to make me crazy hazy
So hypnotized think of the blue skies, new eyes
And Ill never roam again
And Im back in love again
And I see the stars again
Find my way back home again
