

What A Night
Loveable Rogues

Great song :)

Chords repeated throughout whole song. Enjoy

G

You made the mistake

Em

Of letting me and my mates

D

C

In your house, you don't know us at all

G

Em

And I can't be held responsible

D

C

For getting naked in your swimming pool

What a night, you're alright

And you're quite a sight for my sore eyes

Thing is you don't even realize

Your house is a joke, I'm that kind of bloke

a pipe and some slippers fit nicely

I think your parents might like me

Fuck this I'm off to the party.

We drink, we party, make love, make money

I'll be bopping on the weekend so until I'm an antique

We gonna drink and party, make love, make money

Doing things I'll forget but I'll never regret

Oh what a night

Oh what a night

oh what a night

Oh what a night.

She seems so pleasant but now she's screwing

Pacing round the house asking what you doing?

Bottles everywhere and the carpet's ruined

Bedroom's fully booked, ripped sheets are brewing.

Kitchen smell's super bad, like McLovin

What sick pup put poo in the oven?

Alright darling, no need to shout

We've outstayed our welcome, I'll let myself out

I think your parents might hate me

It's a good job that I know karate.

We drink, we party, make love, make money

I'll be bopping on the weekend so until I'm an antique

We gonna drink and party, make love, make money

Doing things I'll forget but I'll never regret

Oh what a night
Oh what a night
oh what a night
Oh what a night.

They think that I should just sit down I m just getting started
I see the room is spinning round I m so partied
I don t get drunk I get awesome la la la la
Mate, I don t know what you are saying
Ping pong, pokemon every body sing along

We drink, we party, make love, make money
I ll be bopping on the weekend so until I m an antique
We gonna drink and party, make love, make money
Doing things I ll forget but I ll never regret

Oh what a night
Oh what a night
oh what a night
Oh what a night.
Oh what a night
