[Intro]

**D A5 A G**  
**A G A G**

[Verse 1]

**A** **G**  
Down in a hole  
**A** **G**  
I stay where Iâ€™m told  
**D** **A5**  
Waiting to hear  
**A** **G**  
Controlled by the phone  
  
**A G**

[Verse 2]

**A** **G**  
Blood is your mind  
**A** **G**  
Lay close to mine  
**D** **A5**  
And will we wither like skin  
**A** **G**  
Or will we age like wine  
  
**A G**

**D A5 A G**

[Verse 3]

**A** **G**  
Bury your head  
**A** **G**  
How can you sleep

D                  A5  
While the man that you loved  
  A                  G  
Burns at the stake  
          D                  A5  
Now it's clear that your words  
  A                  G  
Would flicker and fade

A G

D A5 A G

[Verse 4]

  A                  G  
And each day it takes  
  A                  G  
You further away  
          D                  A5  
And if I saw you right now  
  A                  G  
I'm not sure what I'd say  
          D                  A5  
There's only so many words  
  A                  G  
A dead man can say  
          D                  A5  
I guess I'd wish you the best  
  A                  G  
And be on my way

[Outro]

D A5 A G 7x
