

Without You
Low Roar

Capo 2

[Intro]

C

[Verse 1]

C F C
And in the middle of a dull-lit weightless street
C F G
Stands a shadow of a man shaped just like me
Em F C
My curiosity keeps me confused
Em F
But still I stand here on my own
C Am Em F
With nothing left to lose-----

[Verse 2]

C F C
And will the rain I don't accept wash away my sins
C F G
Or simply trouble my walk home and my spirit
Em F C
Because I never said no or put up a fight
Em F
And I'm emotionally impaired
C Am Em F
When I look at you-----

[Verse 3]

C F C
And I'm trying to keep these bones inside my skin
C F G
But my body is in a hole my shadow digs
Em F C
And as I struggle to maintain my position
Em F C
The oil's dried from this heart of rusted tin
Am Em F
And I wonder if I'll survive this
C Am Em F
Without you-----
