

Heart Attack
Low Vs Diamond

Intro: **Em G D**

VERSE 1:

Em **G** **D**
All you pretty people stand there
Blood under your nails,

Em **G** **D**
Doing nothing, saying something
Never seems to fail

PRECHORUS:

Em **G** **D**
But our guards are down, defenseless
And our walls have cracked

Em **G** **D**
So my heart is beating faster
Than a heart attack

CHORUS:

C **G** **D**
Kiss the way we were goodbye
Goodbye and farewell

C **G** **D**
First we live but then we die,
Em
Goodbye, goodbye...

VERSE 2:

Em **G** **D**
So they whisper secrets to you
That I know you hear

Em **G** **D**
All the thoughts that rush inside you,
Never seemed so clear

PRECHORUS 2:

Em **G** **D**
You should write a book about it
You should start a war

Em **G** **D**
You should tear your eyes out of you
As they look for more

CHORUS:

C **G** **D**
Kiss the way we were goodbye
Goodbye and farewell

C **G** **D**
First we live but then we die,
We die, oh, ooh...

C **G** **D**
Pretty people standing by
We play, we pretend

C **G** **D**
And we try and act surprised
Em
As we watch the world end...
