Intro: A# D# G# Gm x2

A#

If I could just make it stop....

D#

I could tell the whole world...

G#

To get out of the way...

Gm

If I could just make it stop...

A#

If I could just make it stop....

D#

I could tell the whole world...

G#

To get out of the way...

Gm

If I could just make it stop...

A#

You see, I m close to the edge...

D#

I m at the end of my rope...

G#

The rope is starting to fray...

Gm

I m trying to keep my hold....

(I assume you ve caught onto the patter by now, it continues for the rest of the song.)

You say I m something I m not...

But I m not what I seem...

Get my back off the wall...

If I could just make it stop....

If I could just make it stop...

I could tell the whole world...

To get out of the way...

If I could just make it stop...

If I could just make it stop...

I could tell the whole world...

To get out of the way...

If I could just make it stop...

Now I m looking up...

From a ten foot hole...

Seeing nothing but blue sky....

Shining on my soul...

As I untie the chord...

And untwist the knot....

We could get where we re going...

If I could just make it stop...

If I could just make it stop...

I could tell the whole world...

To get out of the way...

If I could just make it stop...

If I could just make it stop...

From breaking my heart...

Get out of the way...

If I could just make it stop...

If I could just make it stop...
