Hoooooah ohhoah, hoooooah ohhoah

**Em**            **G**            **C**            **G**  
Hoooooah ohhoah, hoooooah ohhoah

**G**  
Oh say what you wanna say, nothing s ever gonna change  
Everybody s going away sometime

**C**  
Boredom and monotony, virtual lobotomy  
Everybody s looking to save their minds, but I

**G**  
I don t wanna be part of mediocrity  
Cause all I see is one big plague, and I

**C**  
Only want the truth, hold it like the flame of youth  
and don t let go oh

**G**            **C**            **Em**  
All I need is you

**G**            **C**            **Em**  
All I need is you

**Em**                    **G**                    **C**                    **G**  
Oooooah ohhoah the day has come, the day has come

**Em**                    **G**                    **C**                    **G**  
Oooooah ohhoah we re free to love, free to love

**Em**                    **G**                    **C**                    **G**  
And I, (hoooooah ohhoah) I m ready to ride, (hoooooah ohhoah)

**Em**                    **G**                    **C**                    **Em**  
With you, (hoooooah ohhoah), you make me alive, alive

**G**  
Oh yeah, the walls are caving in (...ving in, ...ving in)

**C**  
Would it be off to say we won t be home again? (...again, ...again)

**G**  
Drowning in a sea of heartache and hypocrisy  
I thought I d be the one that unscathed

**C**  
But I was wrong, oh-oh oh-oh, yeah, I was wrong

**G**            **C**            **Em**  
All I need is you

**G**            **C**            **Em**
