Intro 4x: **G#m   E   B   C#m**

```
      G#m                                  E
We are kneeling at the river s edge and tempting
         B                            C#m
All the steps to follow closer right behind
         G#m                              E
Is it only when you feel a part is empty
          B                         C#m
That it s gnawing at the corners of your mind
```

```
G#m            E
    I will ask you for mercy
B           C#m
    I will come to you blind
G#m                 E
    What you ll see is the worst me

           B                            C#m
Where we end is not the way that we had planned
          G#m                               E
All the spirits gather  round like it s our last day
