Just look out onto forever

All this time

You can always learn to fly

**G#m**

You never do until you do it

Up high in the middle of nowhere

**C#m**

Don t know but you know when you get there

**B**

Walk slow and low on a tightrope

**G#m**

Hope it lasts but you know, you never know

Take a chance we can dance up in mid-air

Hope it lasts but you know, you never know

You never know

We re just a step from fearless
