

Fancy Funeral
Lucinda Williams

Sweet and melancholy song. Listen to it to get the strum. My first tab.

Some think a fancy funeral will be worth every cent
G **C** **C**
But every dime or nickel is money better spent
C **G** **G**
Better spent on groceries or covering the bills
G **C** **Em** **G**
Instead of little luxuries and unnecessary frills

G **G**
Lovely yellow daffodils and lacy pillow fringe
G **C** **C**
Pretty little angels for everyone to see
C **G** **G**
Lily of the valley and long black limousines
G **C** **Em** **G**
It s three or four months salaries just to pay for all those things

(Solo)

G **G**
So don t buy a fancy funeral, it s not worth it in the end
G **C** **C**
Goodbyes can still be beautiful without the money that you spend
C **G** **G**
There s no amount of riches that will bring back what you ve lost
G **C** **Em** (NC) **G**
To satisfy your wishes, no way to justify the cost
