GOD KNOWS I LOVE YOU (Lucky Dube)

C **G** **C**
God knows, that I really love you, Baby
G **Bm**
Like the breeze that always blows each day, the sun that shines my way,
C **Bm** **D**
The sun will always be right where you are.

Yes I ll always stay with you, journey thick and thin

I ll never ever change my love for you (change my love for you)

I ll stay with you until you re old and gray. (till you re old and gray)
