TURN

**G9**

Girl, it s nothing at all

**C9**

I m moving away from many emotions

**D G9**

while loneliness sleeps at my door

**G9**

Craving again,

**C9**

Fooling myself with this for so long,

**D**

can t get no sleep as well

**Em7 Am Bm**

You know this funny game of love

**Em7**

I know I gotta learn

**Cm Dm G9**

Somehow this lucky wheel would turn...

**G9**

Girl, where do we go

**C9**

When you feel wrong for loving someone

**D**

You know there s just nothing to say...

**G9**

Breaking away,

**C9**

full of regrets and bitter-sweet words

**D**

It happens once again

**Em7 Am Bm**

You know this funny game of love

**Em7**

I know I gotta learn

**Cm Bb F G9**

Somehow this lucky wheel would turn...

**Bb C9 G9**

Don t know why I keep on dreaming, grieving, thinking about you

**Bb C9 D**

Don t know how you keep on living like there s nothing to say

**Cm Bb F G9**

Should I keep with my dreams or turn...

**Em7 C D**

You know this funny game of love

(ain t love what we re feeling now)

**Em7**

I know I gotta learn

**C9 D**

Please tell me how to ease my mind

**C9 D**

To leave all that we did behind

(baby you re the hurting kind)

**Cm Dm G9**

Somehow this lucky wheel should turn...

**G9**

Something went wrong, tell me baby

**C9 D G9**

Why do we miss what we never had?
