A G D A
Remember when we were hand in hand

A G D A
Remember, we sealed it with a golden band

A G D
Now your eyes don t meet mine

A G D
You ve got a pulse like fever

A G D
Do I take you for a lover

A
Or just a deceiver

E D A
Simple is simple, Plain is plain

E D A
If you leave me now, You won t come back again

D E
Don t give up

A G D
Don t renege on our love

A G D
Don t renege on our love

A G D A
Give me just an ounce of sympathy

A G D A
Give me my chains of liberty

A G D
There s a rope that binds us

A G D
And I don t want to break it

A G D
If love is a healing

A
Why should we forsake it

E D A
Hunger is hunger, Need is need

E D A
Am I just another mouth to feed

D E
When the game is up

E A G D
Don t renege on our love

A G D
Don t renege on our love
