Turn Back Around by pookie bug
So, i m starting in the world of the guitar, and i was thinking that these
chords,
are easiest than those who have been gaven, by the way thanks for the person who
gave them :)

-Capo On 1st Fret

Am G Em C x 4

Am G Em C
Show me the world in the shape of your looking glass

Am G Em C
Beautiffully bold when the colors unfold yes

Am G Em C
Itâ€™s easy to see but its harder to find and

Am G Em C
I m thinking of you and it s clear in my mind

Am G G Em C Em G
So I turn, turn, turn, I turn back around ...

C G G Em C Em G
I Turn, turn, turn, I turn back around ...

Em Am Em Am Em
And I m eastern bound.

Am G Em C
Almost let slip all these words at my finger tips.

Am G Em C
Still unaware of the pen in my hand, but

Am G Em C
I m making my way day by day coming back to you.

Am G G C
Here unafraid of the path that I choose.

Am G G Em C Em G
So I turn, turn, turn, I turn back around ...

C G G Em C F G
I Turn, turn, turn, I turn back around ...

Em Am Em Am G
And I m eastern bound.
