

**If I Had The Money**  
**Lucy Spraggan**

**B Abm x2**

**B Abm**  
If I had the money I would buy us a house.

**B Abm**  
It wouldn't be a lot, but It would be ours

**B**  
I'd buy myself a brand new car

**Abm**  
And it'd be much safer than my last one was

**F# Abm**  
And, I'd take you anywhere, no matter how far.

**B Abm**  
If I had the money I would buy us a shop

**B**  
We'd sell the weird and wonderful

**Abm**  
You'd pick the stock.

**B Abm**  
I'd just work the front of house and we'd build our business up from the ground.

**B Abm**  
And we'd be happy whether it worked out or not.

And maybe in the future, but for today  
I'm working just to get paid

If I had the time, we would travel the world  
We'd see things we'd only dreamt of and we could frame 'em as well.  
Share memories on the mantel piece  
Of when we watched the sun rise on a beautiful beach  
And, we'd have a million stories to tell as well.

If I had the time, I would buy us a dog  
And where ever we'd go, you know, he'd be tagging along  
He'd be there when we got home and we'd forget our feelings of being alone  
And, he'd be there no matter what we did wrong.

And maybe in the future, but for today  
I'm working just to get paid

And maybe in the future, but so far,  
I'm still paying for this guitar.j
