Intro: **C Bb C** x 2

**C** **G** **Bb** **F**  
Sometimes when you're lying beside me, In your eyes I see  
**C** **G** **Bb** **F**  
I don't know but it's something it's something, And it's trippin' me up again  
**C** **G** **Bb**  
It's like you're here but you're not here, I need to know where  
**F**  
But you won't let me go there  
**C** **G** **Bb** **F**  
Always telling me it's nothing it's nothing

**E** **F**  
Well I had a vision  
**E** **F**  
Of a lover in my best friend  
**E** **F**  
It's not like me to question

[Chorus]

**C** **G** **Bb**  
Something always gets in between, It twists and it turns  
**F**  
You know that it seems to me  
**C** **G**  
Latey I'm so unsure  
**Bb** **F**  
I can't put my finger on it on it  
**C** **G**  
Strange feeling ripping at  
the seams  
**Bb** **F**  
And I've never heard the sound of my heart  
**C**  
breaking
