

Game Got Switched
Ludacris

This is my first tab so if it sounds wrong to you, feel free to email me at I m pretty sure it s right, I mean there s not too many different things you can play to sound like that.

```
E|-----|
B|---12--12-----|
G|-----11-11-11-11-11-14--14-11-11-----|
D|-----|
A|-----|
E|-----|
```

Just keep repeating it the whole way through, you ll get the rythm. Very easy song to fun to play along to the song with.
