If you live for something, you re not alone, my friend  
**G** **A** **Bm** **D**  
So fill up your cup and, lift your lighter, and toast to life

Luda!

**G** **A**  
They say what don t kill me, can make me stronger  
**Bm** **D**  
So two drinks a night should help me live longer  
I blow some smoke just to give my lungs a test  
Because why tip-toe through life, to arrive safely at death  
I m on a journey, yeah, i m on a roll  
Sometimes gotta close my eyes, just to open my soul  
And tonight is the night, I gotta feeling that i m about act a fool  
So if you go fix some drinks me and usher are about to break some rules  
**G** **A**  
That s somewhere to go but the world is moving slow  
**Bm** **D**  
I was born for the fast life  
I go for broke, a lesson I can t afford  
But for what it s worth i m ready to play for the rest of my life  
For the rest of my life

[Beat break]

If I got one life to live, i mma party til i m death  
What the hell is a life worth living if it s not on the edge  
Tryna keep my balance i m twisted so just in case I fall  
Written on my tombstone should say women, weed and alcohol

That s somewhere to go but the world is moving slow  
I was born for the fast life  
I go for broke, a lesson I can t afford  
But for what it s worth i m ready to play for the rest of my life  
For the rest of my life

[Beat break]

If you live for something, you re not alone, my friend  
So fill up your cup and, lift your lighter, and toast to life

I m stuck in this moment, freeze the hands of time  
Cause I feel inner peace when i m outta my mind  
And you can call me crazy but I like to roll the dice  
So i m willing to bet that i mma be crazy for the rest of my life  
For the rest of my life  
For the rest of my life.....
